Deбаты

Środa, 26 lutego 2014 r. - Strasburg

Wersja poprawiona

▶ 15. Stosowanie uzbrojonych dronów (debata)

zapis wideo wystąpień

PV

▶ **John Attard-Montalto (S&D)**, *in writing*. – Armed drones are used by countries which have advised capabilities. On the other hand terrorists use a similar weapon which is the unmanned bomb car or truck bomb. There is one difference: drones target – militants; car bombs target – civilians. It makes no sense to ban armed drones when we know that terrorists will not ban car and truck bombs.
