DIAGNOSIS

(Translation)

Name: Kijuro SHIDEHARA  
Born: August 11th, 1872

Name of illness: LUMBAGO

Severe pain around hips, particularly painful at times when sitting or lying down which makes it difficult to walk.

It is necessary for him to be confined in bed and to keep warm and quiet for the time being and to have treatment.

It is certified that the above diagnosis is given by me.

Dated: November 7th, 1947.

Dr. Hirotoshi HASHIMOTO  
St. Lukes International Hospital  
53 Akashicho, Kyobashiku, Tokyo.
