

XX. REVIEW OF SENTENCES

A person convicted by a Military Government Court has the right to petition for review of the finding or sentence. The petition must be filed with the Court within 10 days of conviction.

No sentence of a Military Government Court shall be carried into execution until the case record shall have been examined by an Army/Military District Judge Advocate and the sentence approved by the officer appointing the Court or by the Officer Commanding for the time being. No sentence of death shall be carried into execution until confirmed by higher authority.

The Reviewing authority may, upon review, *inter alia* :

confirm or set aside any finding,

substitute the finding of guilty by an amended charge,

confirm, suspend, reduce, commute or modify any sentence or order, or

increase any sentence, where a petition for review which is considered frivolous has been filed and the evidence in the case warrants such increase.

The reviewing authority may at any time remit or suspend any sentence or part thereof.

The proceedings shall not be invalidated nor any findings or sentences disapproved for any error or omission, technical or otherwise, occurring at any such proceedings, unless in the opinion of the reviewing authority it shall appear that the error or omission has resulted in injustice to the accused.
